+27 points

01 · THE PIVOT

Why v1 missed · why v2 leads with confession

v1 led with the brand's category position ("anti-magic-pill"). That's a position, not a hook. People buy identities, not positions — and they buy from founders who admit

they're human, not from brands who declare their thesis.

V1 HOOK

"다들 마법의 알약을 찾아요. 그런 건 없어요." — declarative, answers the question before opening it. Brain auto-categorizes as ad.

V2 HOOK

"솔직히 말하면, 저도 매일 채소 350g 못 먹어요." — founder confession with Naver-verified stat. Curiosity gap: *wait, the founder can't either?* Locks in the next 5 seconds.

V1 STORY

No protagonist. Abstract category positioning throughout ("Everyone's stacking, we're cleaner"). Reader stays in analytical mode.

V2 STORY

Alex is protagonist all 60 seconds. His confession, his counter, his morning, his ritual. Real motions. Documentary register. Stories beat abstractions 9-to-1.

V1 IDENTITY

Beat 3 dumps specs: "18종 / 5,000mg / 단백질 5g / 4종 무첨가" — pure Layer 1 (product attributes). Viewer never sees themselves.

V2 IDENTITY

Identity Layer 3 stamped in Beat 3: "매일 하나만 바꾸는 사람." Viewer recognizes themselves before specs ever appear. Specs demoted to Beat 4 footnote.

V1
AUTHORITY

Daoom heritage saved for Ep 02 tease. Ep 01 itself has zero credential anchor on first watch.

V2
AUTHORITY

One-second flash of Daoom Factory 1988 archive photo at Beat 4, with "3대째 / 김수경 박사" small-text overlay. Restrained, fast, on-screen *once*. Heritage = backstop, not centerpiece.

"솔직히 말하면, 저도 매일 채소 350g 못 먹어요."

— ALEX · V2 OPENING LINE · 2026.05.24

One sentence the brand stands behind

CORE MESSAGE · V2

매일 채소 350g — 사실 저도 못 먹어요. 그래서 만들었어요. 마법은 없고요, 하루의 첫 결정 하나 챙기는 거예요.

"350g of vegetables a day — honestly, I can't either. So I made this. No magic — just one first decision of the day, owned."

WHAT THE VIEWER WALKS AWAY WITH

- 1 • The founder is honest. He admits he can't do the 350g either. That makes the brand human.
- 2 • Identity stamp: "I'm someone who changes one thing in the morning." The viewer joins a movement, not a transaction.
- 3 • There's a real product. 18 organic vegetables, family-made since 1988. Heritage is shown, not claimed.
- 4 • Series continues. Episode 2 already promised at the end.

"Everyone's stacking 80 different supplements — vitamins, minerals, probiotics. Still doesn't add up."

SHOT A (0:05–0:11) Slow pan over a cluttered counter — supplement bottles, blister packs, scattered notes, a half-finished water bottle. *Real*, not glamour. No styled product placement.

SHOT B (0:11–0:15) Hand reaches into frame, pauses over the clutter. Pulls back.

SHOT C (0:15–0:18) Cut to Alex looking at the counter from a slight distance. Quiet. Not resigned, just observing.

What we measure · Ep 01 only

Pre-launch metrics that matter. Vanity views ignored.

METRIC	TARGET (WEEK 1)	WHY
Saves	5%+ of reach	The one IG metric that signals genuine interest pre-launch
Shares	3%+ of reach	Shareability principle = direct test
Profile-tap rate	8%+ of reach	Brand introduction working = people want to know more

Comments quality	≥30% mention "founder" or "솔직히"	Confession hook landed if so
Watch-through	>50%	60s Reel is long for the format · means the curiosity gap held
Bio link clicks	Ignore	No CTA in Ep 01 by design

11 · THE V1 → V2 AUDIT

Every change, traceable

Honest record of what was wrong with v1 and what v2 does instead. Future episodes (02–07) inherit these principles.

HOOK

v1: "다들 마법의 알약을 찾아요. 그런 건 없어요." (declarative · answers before opening curiosity)

v2: "솔직히 말하면, 저도 매일 채소 350g 못 먹어요." (confession · opens gap · Naver-verified stat)

STAT

v1: No stat in Ep 01 · weakens credibility

v2: 350g 한국영양학회 (verified via Naver Developers API search 2026.05.24 · cited in "건강라디오" blog · MFDS-aligned · culturally accurate vs. WHO 400g)

PROTAGONIST

v1: Abstract narrator · category positioning · brand-as-thinker

v2: Alex throughline · his confession · his morning · his ritual · 60-second documentary of one person's one decision

IDENTITY

v1: Specs dumped at Beat 03 (18종 / 5,000mg / 단백질 5g / 4종 무첨가) · pure Layer 1

v2: "매일 하나만 바꾸는 사람" identity stamp on Beat 03 screen · specs demoted to small text at Beat 04

AUTHORITY

v1: Daoom tease saved for Ep 02 · Ep 01 itself has zero credential anchor

v2: 1-second flash of Daoom Factory 1988 archive at Beat 04 · "3대째 · 김수경 박사" small text overlay · heritage as backstop, not centerpiece

QUOTABLES ON SCREEN

v1: One quotable at Beat 04 ("하루의 첫 모금")

v2: Three quotable anchors · Beat 01 confession · Beat 03 "마법이 아니에요. 결정이에요." · Beat 05 "그날의 첫 결정이에요."

tone REGISTER

v1: Mix of declarative editorial + occasional self-talk · drifts to category-essay register

v2: Consistent 2세대 register · -요/-대요/-음 ending mix · self-talk ("솔직히 말하면", "...뭐가 정답인지 모르겠음") · matches Carousel #1 v5 voice exactly
